## MINERS ARRESTED.

The Camp of the Belligerent Strikers Broken Up.

## MADE NO RESISTANCE

County Judge Hall Accompanies State Troops into Camps to Make Arrests—Only Twenty-Two Were Taken in Charge.

Madisonville, Ky., Nov. 25.—The famous camp of the striking union miners has been located in the southern part of county, is a thing of the past. There is nothing left to mark the rendezvous of those who defied the officers and even the courts, and gave the state and county authorities so much trouble, for the past two months, save ash heaps, straw that was used for beds, holes in the ground made by the tent stays and other marks of debris incident to camp life. All of the campers on whom the sun rose Sunday morning, with the exception of a very few who escaped the officers are prisoners in the county jail, charged by County Judge Hall, with a "breach of the peace, unlawfully assembling and banding together, thereby making the camp a menace and terror to the public peace."

The four large tents with all the camp paraphernalia were captured and brought in with the prisoners.

A special train left Madisonville at 6:30 a. m., Sunday carrying County Judge Hall, Sheriff Jno. H. Hank, Deputies James Thomas and Samuel Jennings, also General Murray, his aides, Captain Ellis of Owensboro, Captain Gordon of Frankfort and Captains Powers and Strang with the Madisonville and Hopkinsville companies. The train took the siding at Nortonville. Judge Hall, the sheriff and his deputies there got in a conveyance previously ordered for the trip and drove to the camp, a quarter of a mile distant. On arriving at the camp it was found that all the men save 25 or 30 had left, taking with them all the arms and ammunition. All who were present were at once arrested. The four tents were soon torn down, loaded on wagons and hauled to Nortonville where they were packed in a box car that was brought along for that purpose.

When the officers arrived the camp was in charge of Arlie Oats, first lieutenant of the Greenville company of Kentucky state guards, and the same man who was reported to have been killed in last Sunday's battle at Providence. He was very polite, and offered no resistance to the officers. He and 22 other members of the camp were taken into custody.

One of the features of the capture was the absence of the negro members of the camp. Saturday there were more than 100 negroes in camp, but Sunday there was none in the vicinity of Nortonville or the camp until after the arrests had been made.

It was evident from the condition in which the camp was found that a visit of the authorities was expected very soon. All the guns and ammunition belonging to the strikers had been removed. None of their supplies could be found about the camp.

### The Villagers' Battle.

London, Nov. 25.—Dispatches from South Africa show that the recent fighting near Villiersdorp, southwest of Standerton, as to which Lord Kitchener reported nothing beyond the fact that Commandant Buys had been captured after attacking a patrol of 100 railroad pioneers, was really a serious affair.

It seems that Grobelaar's commando succeeded in surrounding and capturing a force of 100 British Cape railway pioneers. Subsequently Col. Remington came up with reinforcements, and after heavy fighting compelled the Boers to retire and to release their prisoners.

The British losses included Major Fisher killed and three officers wounded. The casualties among the men have not yet been reported.

### Negroes Lynch a Negro.

Shreveport, La., Nov. 24.—The particulars of a sensational murder and lynching have just reached this city from Herndon plantation, about eight miles below Shreveport on the Bossier parish side of Red river. The men who did the lynching were negroes and strung up one of their own race.

The negro avengers not only determined upon the summary execution of their victim, but took him from the hands of a white officer for that purpose.

The killing which led up to the lynching occurred Saturday night. Frank Thomas, a negro employed on the Amelia plantation, shot and killed a 14-year-old negro boy named Willburn over a debt of 20 cents.

### Irish Delegates at Chicago.

Chicago, Nov. 25.—An audience, estimated at 6000 persons, gathered in the Auditorium Sunday night to welcome the envoys from the United Irish league, John E. Redmond, Patrick A. McHugh and Thomas O'Donnell, and to celebrate the anniversary of the death of the Manchester martyrs—Allen, Larkin and O'Leary. Speeches

were made by the visitors. United States Senator Mason also made a short address.

### Rice Culture.

Lake Charles, La., Nov. 25.—S. H. Clement, east of town, with the help of two men, this season cultivated 402 acres of rice, which yielded 5200 sacks. The rice sold at Lake Charles mills for more than \$14,000. Mr. Clement claims the championship of the rice belt for three men's work.

### ALL FOUND DEAD.

Bodies of Eight Men Who Entered the Baby Mine Recovered.

Bluefield, W. Va., Nov. 25.—The dead bodies of the lost party of eight well-known mining men who entered West mine of the Pocahontas Collieries company on Friday morning last have been recovered. At 7 o'clock Sunday morning a rescuing party numbering 40 persons entered at the main entrance, bratticing the mine as they went in order to prove the circulation of the air. Those had reached a distance of 3500 feet from the entrance when they encountered such quantities of white damp that it was impossible to proceed further. Retracing their steps, they decided to make another attempt from Tug river entrance, some six miles across the Flat Top mountains. They went in this entrance about 1:30 o'clock, and after going a distance of 600 feet found the dead bodies of A. S. Hurst, chief inspector; Bob Odham, sub-inspector, and Frazier G. Bell, mining engineer, all huddled together. From their positions, they must have met death suddenly and without pain. All of them were lying face downward, with no signs of a struggle. Hurst had made a pillow of his coat, on which his head rested.

The bodies of the other five members of the party—Superintendent of Mines Walter O'Malley; Jos. Cardwell, superintendent of the Shamokin Coal and Coke company; R. E. St. Clair, second assistant inspector; State Mine Inspector Price and Maurice St. Clair, sub-inspector—were found several hundred feet back in the mine, three of the bodies lying some little distance apart. Bob St. Clair and Jos. Cardwell were lying with arms clasped around each other, cold in death. The bodies of O'Malley, Maurice St. Clair and Hurst were discolored and bruised about the face, showing signs of a struggle, it being very plain that they made a desperate attempt at retracing their steps to Belair, but already had advanced too far into the deadly white damp to escape alive.

Baltimore, Nov. 25.—At the Cathedral in this city Sunday morning, Monsignor Thos. J. Cennatti, rector of the Catholic University at Washington was consecrated titular bishop of Samos. Cardinal Gibbons was the consecrating prelate.

The elevation of Monsignor Cennatti to the dignity of the Episcopate comes as a recognition of his labors in behalf of Catholic education and as a token of appreciation of the pope for the recent very apparent increase in standing and influence of the institution of which the bishop is the head.

## TO THE TRUCK GROWERS.

The Meeting of Saturday, December 7th, an Important One.

SOME SEEDS ARE TO BE BOUGHT

And Plans for Future Operations to be Determined—Important Communications Received.

As secretary of the Brazos County Truck Growers' Association, I wish to urge the attendance of every member at the next meeting, Saturday, December 7th, at 10 o'clock a. m.

Pursuant to instructions at previous meeting, I have written for prices on seeds and have received some replies. I have written for prices also on fertilizers, and have replies quoting prices.

I have been in correspondence with secretaries of associations in neighboring towns and counties, and have letters that suggest matters of importance. The secretary of the Rockdale association, a man of experience in growing and shipping truck, writes about their plan of selling, they having already made contracts.

The secretary of the Millican association, Mr. F. W. Yeager, has promised to be with us and discuss co-operation of his association with ours. He will also talk about the different crops he has shipped at a profit.

The secretary of the Navasota association, Mr. M. L. O. Andrews, writes that he and other members of their association will be with us on that date to discuss plans of co-operation with us, in so far as that may be found practicable, also to exchange views.

Tomato seed must be ordered at

this meeting, to be in time for planting in hot beds. Arrangements must be made about seed potatoes and other seeds. The secretary wants to get all orders for tomato seed in at one time, to save trouble of ordering in small lots, and save expense.

This meeting, Saturday, December 7th, will be the most important one of the year. Let everybody come. The first payment of quarterly dues will be due at that time, 10 cents each, but if those members who have never yet paid their membership fees, of ten cents each, will pay up at this meeting, it may not be necessary to collect the quarterly dues.

Very respectfully,

W. P. CONNELLY,

Secretary Brazos County Truck Growers' Association.

Jupiter, Saturn, Venus and the moon will be in conjunction to-day, the first time this has occurred since the year 2400 B. C., or over 4000 years ago, and the last time it will occur for many centuries. If the weather is clear you may look out about 7 p. m. and see the three planets and the moon all bunching up together, and by watching you may be able to detect the actual conjunction. This is a remarkable astronomical phenomenon, and if you miss it you will miss it forever, for you will not be here when it occurs again.

The census returns show the United States have 1,800,000 more men than women. With these figures staring them in the face looks like some of the old bachelors would rescue Miss Stone.

Bryan wants to grow. Build more rent houses and give her a chance.

A canal to irrigate 30,000 acres of rice lands is in prospect at Wallis, Texas.

Have you subscribed for a share of Central Texas Fair Stock? If not, why not?

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

## "A BAGGAGE CHECK" COMPANY.

James T. Kelly and his Comedy Companions, in Matinee and Two Night Performances.

There are unmistakable signs of a land office business at the Grand opera house the latter part of this week, with the musical farce comedies of James T. Kelly and his deserving comedy company.

The relaxation from business cares that comes with the glad Thanksgiving time puts our people in a receptive mood to enjoy the healthful laughter induced by the clever antics of fun makers, and the musical numbers of up-to-date fancy.

That Mr. Kelly and his talented people will furnish such a stimulant can not be questioned. One has only to glance over the newspaper record of this company in order to be assured of an evening's unmitigated pleasure and pastime.

The opening bill, "Fun in a Boarding School," which is scheduled for Thursday (Thanksgiving) matinee, is in itself a cordial invitation to witness such a conglomeration of nonsense and absurdities as can not be found in any other amusement. The "Boarding School" is a part of amusement that has been the interest of

those who find it extremely difficult otherwise to banish the serious problems which vex and annoy every day life.

The program for Thursday night, "A Baggage Check," will be awaited with more than ordinary impatience, inasmuch as it has been talked and read about for a whole week or more, besides the farce in question has outlived many more pretentious ones.

The bill for Friday night is "A Victim of Circumstances," the title of which conveys the curious and comical side of human nature, and brings forward the amusing perplexities of mistaken identity.

This company have been playing in the larger cities of the state, as newspaper readers are aware, to large and appreciative audiences. Mr. Mike has booked them here at popular prices—25, 35 and 50 cents, and tickets are now on sale. If you wait until the last day you will perhaps not have your choice of seats, for the tickets will go like hot cakes when the rush begins.

"Silver Crown Cigars," the best cigar you ever smoked. Send \$3.90 to the Littman Cigar Factory, Austin, and you will get 100 Express prepaid, or \$2.00 for box of 50. You will want them again.

Messrs. Covington and Reinhart of Hearne, were here Sunday, guests of Fred Dickson.

Against White Slave Traffic. St. Petersburg, Nov. 22.—France has invited the other powers to send representatives to a congress to discuss means to prevent the "white slave" traffic. It is understood that all the governments have accepted and have prepared voluminous reports. The congress will probably be held in Paris in the winter. The Russian government has manifested keen interest in the question, the Czar being a strong supporter of the movement to suppress the traffic.

## TO THE TRUCK GROWERS.

The Meeting of Saturday, December 7th, an Important One.

SOME SEEDS ARE TO BE BOUGHT  
And Plans for Future Operations to be Determined—Important Communications Received.

As secretary of the Brazos County Truck Growers' Association, I wish to urge the attendance of every member at the next meeting, Saturday, December 7th, at 10 o'clock a. m.

Pursuant to instructions at previous meeting, I have written for prices on seeds and have received some replies. I have written for prices also on fertilizers, and have replies quoting prices.

I have been in correspondence with secretaries of associations in neighboring towns and counties, and have letters that suggest matters of importance. The secretary of the Rockdale association, a man of experience in growing and shipping truck, writes about their plan of selling, they having already made contracts.

The secretary of the Millican association, Mr. F. W. Yeager, has promised to be with us and discuss co-operation of his association with ours. He will also talk about the different crops he has shipped at a profit.

The secretary of the Navasota association, Mr. M. L. O. Andrews, writes that he and other members of their association will be with us on that date to discuss plans of co-operation with us, in so far as that may be found practicable, also to exchange views.

Tomato seed must be ordered at

this meeting, to be in time for planting in hot beds. Arrangements must be made about seed potatoes and other seeds. The secretary wants to get all orders for tomato seed in at one time, to save trouble of ordering in small lots, and save expense.

This meeting, Saturday, December 7th, will be the most important one of the year. Let everybody come. The first payment of quarterly dues will be due at that time, 10 cents each, but if those members who have never yet paid their membership fees, of ten cents each, will pay up at this meeting, it may not be necessary to collect the quarterly dues.

Very respectfully,

W. P. CONNELLY,

Secretary Brazos County Truck Growers' Association.

Jupiter, Saturn, Venus and the moon will be in conjunction to-day, the first time this has occurred since the year 2400 B. C., or over 4000 years ago, and the last time it will occur for many centuries. If the weather is clear you may look out about 7 p. m. and see the three planets and the moon all bunching up together, and by watching you may be able to detect the actual conjunction. This is a remarkable astronomical phenomenon, and if you miss it you will miss it forever, for you will not be here when it occurs again.

The census returns show the United States have 1,800,000 more men than women. With these figures staring them in the face looks like some of the old bachelors would rescue Miss Stone.

Bryan wants to grow. Build more rent houses and give her a chance.

A canal to irrigate 30,000 acres of rice lands is in prospect at Wallis, Texas.

Have you subscribed for a share of Central Texas Fair Stock? If not, why not?

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

The Tooth should have constant attention to counteract the ill effects of prepared foods. Tartar concretion on the teeth forms lactic acid which eventually corrodes the enamel of the tooth, producing cavities.

The Eagle has heard of some new houses to be built to supply the demand, and would be glad to hear of more. It looks like a good chance for investment with little risk, as the town has taken on steady healthy growth with nothing of the boom spirit about it.

Much Property Destroyed by a High Tide Off New York.  
**FEW LIVES ARE LOST**  
Hundreds of Vessels Are Ashore and Others Badly Damaged—It Was the Worst Storm in Many Years on That Coast.

New York, Nov. 25.—Driven by the terrific northeast gale, the highest tide ever known along the north shore of Long Island swept inland, leaving a ribbon of wreckage that girts the shore front from Astoria, in Long Island City, out to Greenport, on the extreme end of the island.  
Thousands of dollars of damage was done. Docks, boats and bathing houses were wrecked, and fleets of yachts which had been drawn up in supposedly safe winter quarters were floated off by the high tide and left stranded in many instances more than a half mile inland.  
Washouts occurred on two branches of the railroad and trolley roads.  
At North Beach more than \$20,000 worth of docks, paved walks and pavilions, places of amusement and other property was destroyed.  
In the cove off North Beach, where the Williamsburg Yacht club has its headquarters, the fleet of small boats was swamped or carried in shore.  
The estimate is the damage done by the storm on the northern shore of Long Island sound, from and including City Island to the Connecticut line, at \$350,000.  
Numerous fishermen were rescued, but only one life is known to have been lost.

**TO ATTACK COLON.**  
Government Will Bombard the Town Unless Liberals Surrender.  
Colon, Nov. 25.—As a result of an exchange of notes between the United States gunboat Machias and the Colombian gunboat General Pinzon, Ignacio Felixio, commanding the Pinzon, which has 600 men on board, Sunday officially notified the American, British and French warships now in the harbor that he intends to bombard Colon to-day, thus giving 24 hours notice.

The various consuls notified their respective fellow citizens that refuge may be had on board the warships.  
To bombard the town of Colon it is absolutely necessary to fire across the railroad tracks and the railroad employees probably will refuse to work.  
Lieutenant Commander McCrea of the Machias is the senior naval officer and he awaits instructions from Washington regarding the threat to bombard.  
There is much excitement in Colon. Breastworks are being erected in the public thoroughfares of Panama. The town folk in the vicinity of these are hastily removing to safer places. All persons known to be Liberals are arrested on sight. The government has declared its intention to contest every inch of ground if an entrance to the city is effected.  
The government is very anxious that marines should be landed from the United States battleship Iowa, but Captain Perry, her commander, has not complied with this request.  
The Boyaca has returned to Panama with General Alban and a few men. The government claims to have effected a landing at Chorrera, routing the enemy and recovering all the prisoners previously reported taken with the exception of two. Among the number recovered, according to the government version, is the alcalde of Taboga.  
The Liberal version of the incident is that the alcalde was afraid to fight and when captured offered Domingo Diaz, the Liberal leader, \$10,000 if he would release him, that the money was accepted and that the alcalde was allowed to go after giving his word of honor not to attempt to escape.

**SUCCESSFUL TRIAL.**  
The Fulton Remains Under the Water for Fifteen Hours.  
New York, Nov. 25.—In the presence of a big crowd which, despite the storm, assembled to witness the emerging of the sub-marine boat, Fulton, that craft rose from them bottom of Peconic bay at 10:30 o'clock Sunday morning with all well and greatly surprised to find there was a storm raging.  
The test of the Fulton's staying powers was satisfactory, not only to the officers of the company that built her and the naval officers present, but to those who went to the bottom in the boat. They report there was not the slightest discomfort to them during their more than fifteen hours of submersion beneath the surface.  
Captain Cable of the Holland company who was in command, said that the boat could have remained down for three months if enough provisions were on board.

**TRIBAL TAX VALID.**  
Judge Townsend Will So Decide When Decision Is Rendered.

Ardmore, I. T., Nov. 25.—A decision in the famous tribal tax cases will be handed down next month by Judge Townsend in the United States court. It is believed Judge Townsend will hold that the intercourse laws regulating matters between the whites and Indians are wholly in effect in the Indian Territory. The injunction granted formerly to non-citizen merchants, restraining the Indian tribal authorities from closing stores for refusing to pay taxes will be dissolved.  
This will be equivalent to saying that the tax is valid and all stores then will have to pay the tax or close their stores. The tribal authorities tried to enforce the Tribal tax about a year ago when its legality was questioned and the injunction now in force was secured.
